DETERMINATION OF NON-SIGNIFICANCE

Proposal:	Grant County Shoreline Master Program File #14-5882
Description of Proposal:	Adopt an updated Shoreline Master Program with requisite Comprehensive Plan Amendments and Unified Development Code amendments, as well as the repeal of existing Chapter 24.12 of the Grant County Code.
Proponents:	Grant County **P.**O. Box 37 Ephrata, WA 98823
Contact Person:	Damien Hooper, Planning Director Grant County Planning Department P.O. Box 37 Ephrata, WA 98823
Location of Proposal:	The Shoreline Master Program is a county-wide program that will regulate shoreline development in all unincorporated areas of the County.
Lead Agency:	Grant County Planning Department, P.O. Box 37, Ephrata, WA 98823

The lead agency for SEPA review has determined that this project will not have probable significant adverse impacts on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2) (c). The decision was made after review of a complete environmental checklist and other information on file with the lead agency. This information is available to the public upon request.

___ There is no comment period for this DNS.

___ This DNS is issued under 197-11-340(2). The lead agency will not act on this proposal for 14 days from the date of this decision; there is a subsequent 14-day appeal period which immediately follows the close of the comment period as provided by GCC 24.04.220 and WAC 197-11-680.

Findings:

This proposal is a non-project action under SEPA. The Shoreline Master Program is a regulatory program that is adopted by the County. Its primary function is to establish the development regulations that will apply to all development that is proposed to take place within 200 feet of the ordinary high water mark of any jurisdictional body of water. The Program also sets forth the required mitigation for any project related impacts to ensure there is no net loss of shoreline ecological function, as required by Chapter 90.58 RCW and Chapter 173-26 WAC.
