

ADVISORY NOTE TO ALL BIDDERS:

The format of our bids has been modified as follows:

Part I: Must be completed and signed by all new equipment vendors only. If trade-ins are offered the bidder must provide bids for each trade-in. Writing "NO BID" for trade-ins when offering new equipment is not acceptable and will result in the bid not being considered. Bids for trade-in(s) will only be considered as part of any award and will not be considered separately. New equipment vendors wishing to purchase trade-ins separately must complete Part II of the Proposal.

Part II: Must be completed and signed by all interested parties, including new equipment dealers, who are bidding for used equipment only. New equipment vendors are not required to make trade-in offers in Part II of the Proposal. Each bid must be accompanied by a cashier's or certified check in the amount of 5% of the bid offer for each piece of used equipment.

Grant County Public Works receives a sales tax credit equal to 7.9% or more of the trade-in offer when the equipment is sold to a new equipment vendor. Bidders interested in used equipment should be aware of this fact when making their offers to purchase trade-ins.
