

Feature Class Name

GC_PLSS_Township

Summary

Polygons representing Public Land Survey System (PLSS) townships and ranges in Grant County, Washington.

Description

This data originated from a survey done by the US Bureau of Reclamation Pacific Northwest Region and data downloaded from Washington State Department of Natural Resources. It is not updated. Grant County parcel data references these sections. All townships in Grant County are North of the Willamette Baseline, and all ranges in Grant County are East of the Willamette Meridian.

Access and use limitations

This data should not be construed as legal advice or legal opinion on any specific facts or circumstances. The contents are intended for general information purposes only, and you are urged to consult your own lawyer concerning your own situation and any specific questions you may have.

Infrastructure records, drawings, and other documents have been gathered over many decades, using differing standards for quality control, documentation and verification. All of the data provided represents current information in a readily available format. While the data is generally believed to be accurate, occasionally it proves to be incorrect; thus its accuracy is not warranted. Prior to making any property purchases or investments based in full or in part upon the material provided, it is specifically advised that you independently field verify the information contained in county records.
