

### **Feature Class Name**

*Road County Maintained*

### **Summary**

*Lines representing the Grant County, Washington, roads maintained or tracked by the Public Works Department of Grant County, Washington.*

### **Description**

*This is not a complete representation of the road system of Grant County. It is an export from a linear reference system feature class used for the business needs of the Public Works Department. The feature class named Road Centerlines contains the same geometry and some of the same attributes. The value of this feature class is that it provides more detailed tabular information for County-Maintained roads.*

### **Credits**

*Grant County Public Works Department*

### **Access and use limitations**

***This data is updated frequently. You must verify a county road and/or right-of-way status with Grant County Public Works before beginning any projects.***

*This data should not be construed as legal advice or legal opinion on any specific facts or circumstances. The contents are intended for general information purposes only, and you are urged to consult your own lawyer concerning your own situation and any specific questions you may have.*

*Infrastructure records, drawings, and other documents have been gathered over many decades, using differing standards for quality control, documentation and verification. All of the data provided represents current information in a readily available format. While the data is generally believed to be accurate, occasionally it proves to be incorrect; thus its accuracy is not warranted. Prior to making any property purchases or investments based in full or in part upon the material provided, it is specifically advised that you independently field verify the information contained in county records.*

### **Fields**

**ROADNAME**

*Name of the road*

**ROADLOG**

*identifier for the Public Works Road Log*

**BMP**

*Beginning Milepost*

*EMP*

*Ending Milepost*

*LENGTH*

*The segment length between the BMP and EMP*

*FROM\_*

*Text description of the origin point of the road segment*

*TO*

*Text description of the terminal point of the road segment*

*LANES*

*Number of lanes to the road*

*WIDTH*

*Road lane width in feet*

*SURFACE*

*Surface type of the road*

*ACP = Hot Mixed Asphalt*

*BST = Bituminous Surface Treatment*

*GRD = Graded*

*GRV = Gravel*

*HMA = Hot Mixed Asphalt*

*PCC = Portland Concrete Cement*

*UNI = Unimproved*

*STRUCTURE*

*Subsurface composition of the road*

*ACP = Hot Mixed Asphalt*

*BST = Bituminous Surface Treatment*

*GRD = Graded*

*GRV = Gravel*

*HMA = Hot Mixed Asphalt*

*PCC = Portland Concrete Cement*

*UNI = Unimproved*

*MAINT*

*The code value for the Public Works Maintenance District*

*1; 11; 12; 13; 14; 15; 16 = District 1*

*21; 22; 23 = District 2*

*31; 32; 33; 34; 35 = District 3*

*SPEED*

*The speed limit of the road*

*UID*

*A unique identifier for each road segment. It is a combination of ROADLOG, BMP, and EMP*
