1.5 Questions Regarding the RFP/RFB
Respondents who request a clarification of the RFP/RFB requirements may submit written questions to the appropriate RFP/RFB Official Contact by mail or e-mail. The deadline for receipt of technical questions is August 16, 2017 at 4:50 p.m. (PST). Questions received and answers to those questions will be e-mailed directly to all members initially e-mailed this RFP/RFB Packet by August 17, 2017 at 5:00 p.m.

2. PREPARATION, SUBMISSION AND REVIEW

2.1 General Information
All respondents should read the entire RFP/RFB Packet carefully. Failure to comply with instructions may result in a proposal/bid being disqualified from consideration by the County.
2.2 Proposal/Bid Submittal, Format, Misc.

2.2a All proposals, consisting of one original and two (2) copies, must be received by the County via mail, recognized carrier, or hand delivery no later than 11:00 a.m. on Wednesday, August 23, 2017, as displayed on Grant County’s official time/date stamp located in the Office of the Board of County Commissioners.

2.2b All proposals must be received by the County in a sealed envelope clearly marked with the project title: “GRANT COUNTY YOUTH SERVICES HVAC SYSTEM CLEANING” to:

June Strickler, Administrative Services Coordinator
Grant County Commissioners’ Office
PO Box 37 / 35 C Street NW
Ephrata, WA 98823

2.2c Late proposals and/or proposals submitted via e-mail or facsimile will not be considered.

2.2d Costs of preparation of the proposal will be borne by the proposer.

2.2e A cover letter is required, as set forth in sections 3.1 and 3.1a below.

2.2f Proposals must be typed/computer generated or written in such a manner as to be clearly legible; any proposal that contains illegible information and/or dollar amounts subject to interpretation will render the entire proposal to be designated “Non-responsive” as it will not allow the County to confidently compare proposal prices.

2.2g Proposals should contain straightforward and concise descriptions of the vendor’s capabilities to satisfy the requirements of this RFP/RFB packet. Emphasis should be concentrated on accuracy, completeness, and clarity of content.

2.2h It is preferred that the proposal photocopies be submitted double-sided (printed on two sides).

2.2i Grant County requires a signed, completed Grant County Bid Form with each qualifying proposal submittal. The Grant County Bid Form is located in APPENDIX A.

2.2j Proposals must include itemized breakdowns of all costs and include all fees and taxes.

2.2k Proposals must show numerical dollar amounts with decimal and commas (as appropriate). Any required pricing breakdown that indicates “No Bid” or similar wording or is left blank will render the entire proposal to be designated “Non-responsive” as it will not allow the County to confidently compare proposal prices.

2.2l Mathematical calculations/totals on all proposals will be checked by Grant County, and the County has the authority to correct any mathematical errors it identifies. For this
reason, proposals that appear to be higher or lower than others immediately upon bid opening may not be accurate. Grant County will not post the proposal results until after the mathematical verification and totals check has been completed on each proposal. Should any mathematical errors in submittals be identified, the County will notify the affected responders and the proposal posting will reflect any necessary changes to the proposal total(s).

2.2m In the event of a low proposal tie between proposers after verification of mathematical calculations/totals, a random method – such as a coin toss – to determine the low proposal will be utilized.

2.3 Respondent Must Meet Bidder Responsibility Criteria (RCW 39.04.350).

2.3a A responsive proposal must be from an individual or company that meets the bidder responsibility criteria as set out in RCW 39.04.350, Bidder responsibility criteria – Supplemental criteria; namely:

(1) At the time of bid submittal, have a certificate of registration in compliance with chapter 18.27 RCW;

(2) Have a current state Unified Business Identifier number;

(3) If applicable, have industrial insurance coverage for the bidder's employees working in Washington as required in Title 51 RCW; an employment security department number as required in Title 50 RCW; and a state excise tax registration number as required in Title 82 RCW;

(4) Not be disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065(3). Grant County will conduct a check on the SAM.gov (System for Award Management) website for respondent/bidder “active” status;

(5) If bidding on a public works project subject to the apprenticeship utilization requirements in RCW 39.04.320, not have been found out of compliance by the Washington State apprenticeship and training council for working apprentices out of ratio, without appropriate supervision, or outside their approved work processes as outlined in their standards of apprenticeship under chapter 49.04 RCW for the one-year period immediately preceding the date of the bid solicitation;

(6) Until December 31, 2013, not have violated RCW 39.04.370 more than one time as determined by the department of labor and industries;

(7) Within the three-year period immediately preceding the date of the bid solicitation, not have been determined by a final and binding citation and notice of assessment issued by the department of labor and industries or through a civil judgment entered by a court of limited or general jurisdiction to have willfully violated, as defined in RCW 49.48.082, any provision of chapter 29.46, 49.48, or 49.52 RCW; and
REQUEST FOR PROPOSALS/BIDS PACKET (Page 7 of 20)
GRANT COUNTY YOUTH SERVICES HVAC SYSTEM CLEANING

(8) Meet the following required documentation: Before award of a public works contract, a bidder shall submit to the contracting agency (Grant County) a signed statement in accordance with RCW 9A.72.085 verifying under penalty of perjury that the bidder is in compliance with the responsible bidder criteria requirement of paragraph 2.3a(7) above. A contracting agency may award a contract in reasonable reliance upon such a sworn statement. A responsible bidder to this project must complete and sign the attached Sworn Statement on Bid Form, included as APPENDIX B.

2.4 Proposal Review Process

2.4a All proposals received in a timely manner will undergo an initial screening (administrative review) to determine responsiveness. A proposal/bid deemed responsive is one that materially conforms to the instructions/requirements of this RFP/RFB Packet, including the bidder meeting the requirements of a responsible bidder pursuant to RCW 39.04.350 and sections 2.2 and 2.3 of this RFP/RFB Packet. In addition to verifying that Bidder Responsibility Criteria have been met, proposals will be screened to ensure the proposal contains all information, forms, and/or materials required within this Request for Proposals/Bids to determine responsiveness. Only proposals that are determined responsive shall be forwarded to the Review Committee for further consideration.

2.4b The County reserves the right to reject or accept any bid with immaterial irregularities.

2.4c Should the administrative review set forth in paragraph 2.4a above determine a respondent/bidder to not be qualified and/or responsible, the County will provide to the respondent, in writing, the reason(s) for the determination within two (2) business days following the proposal opening. Notice transmitted via e-mail by the County will be considered “in writing”. Should such a determination occur:

(1) The respondent/bidder may appeal the determination, in writing, within three (3) business days following receipt of the County’s Notice by presenting additional information to the County necessary to address the area(s) of concern raised by the County. The appeal process is not intended to enable a respondent/bidder to provide information that was clearly required within the RFP/RFB packet for submittals after the submittal deadline. The time/date of the County’s Notice will be calculated from the time of the County’s outgoing e-mail, addressed as provided by the respondent/bidder, which does not result in an automatically generated reply of delivery failure.

(2) An appeal may be transmitted to the County via a properly addressed e-mail – with a request for confirmation of receipt – to the County’s point of contact for the project who sent the Notice. Should the respondent/bidder not receive confirmation of receipt of his/her e-mail from the County, the appeal should not be considered as having been received by the County.

(3) The County must consider the timely submittal of additional information accompanying any appeal before issuing its final determination as to the respondent/bidder’s qualification and/or being a responsible bidder. As noted in
paragraph 2.4c(1) above, however, the County will not consider "additional information" that was clearly required within the RFP/RFB Packet for submittals that the respondent/bidder failed to provide by the submittal deadline for RFP/RFB responses. The final determination as to a respondent/bidder not being qualified and/or responsible is to be made by the County, in writing, within three (3) business days following its receipt of a respondent/bidder's appeal. Notice of the County's final determination may be transmitted via e-mail and will follow the same time/date calculations as provided in paragraph 2.4c(1).

(4) If the final determination is made that the respondent/bidder is not qualified/responsible, the County may not execute a contract with any other respondent/bidder until two (2) business days after the respondent/bidder determined to be unqualified/not responsible has been e-mailed and/or received the final determination.

2.4d Only those respondents/bidders meeting the requirements of paragraphs sections 2.2 and 2.3 above shall be forwarded to the Review Committee for further consideration. The Selection Committee must further determine whether the respondent/bidder is a responsible bidder (per RCW 39.26.160, as amended) by considering the following elements:

(1) The ability, capacity, and skill of the respondent/bidder to perform the contract or provide the service required;

(2) The character, integrity, reputation, judgment, experience, and efficiency of the respondent/bidder;

(3) Whether the respondent/bidder can perform the contract within the time specified;

(4) The quality of performance of previous contracts for services;

(5) The previous and existing compliance by the respondent/bidder with laws relating to the contract for services;

(6) The above-referenced requirement of whether, within the three-year period immediately preceding the date of the proposals/bid solicitation, the respondent/bidder has been determined by a final and binding citation and notice of assessment issued by the department of labor and industries or through a civil judgment entered by a court of limited or general jurisdiction to have willfully violated, as defined in RCW 49.48.082, any provision of chapter 49.46, 49.48, or 49.52 RCW; and

(7) Such other information as may be secured having a bearing on the decision to award the contract.

2.4e In determining the lowest responsive and responsible proposal/bidder, the County may consider best value criteria, including but not limited to:
REQUEST FOR PROPOSALS/BIDS PACKET (Page 9 of 20)
GRANT COUNTY YOUTH SERVICES HVAC SYSTEM CLEANING

(1) Whether the bid satisfies the needs of the County as specified in the Request for Proposals/Bids Packet;

(2) Whether the proposal/bid encourages diverse contractor participation;

(3) Whether the proposal/bid provides competitive pricing, economies, and efficiencies;

(4) Whether the proposal/bid considers human health and environmental impacts;

(5) Whether the proposal/bid appropriately weighs cost and non-cost considerations; and

(6) Life-cycle cost.

2.4f Grant County may, at its discretion, reject the proposal/bid of any contractor who has failed to perform satisfactorily on a previous contract with the County.

2.4g Selection will be made on the basis of the proposals as submitted. The Selection Committee may deem it necessary to interview proposers. The County retains the right to interview proposers as part of the selection process.

2.4h Selection of a qualified proposer will be made by the Selection Committee, which will make a recommendation to the Board of County Commissioners (BOCC) for awarding a contract/agreement to be signed by the proposer and the BOCC. In the alternative, the Selection Committee may recommend to the BOCC that the County exercise options set forth in paragraphs 2.4h(1)-(4):

(1) The County reserves the option to reject all proposals/bids and rebid or cancel the competitive solicitation; or

(2) The County may request best and final offers from all responsive and responsible bidders; or

(3) Award the contract to the lowest responsive and responsible bidder; or

(4) The County has the option of awarding one or more contracts from a competitive solicitation.

2.4i The County reserves the option to retain all proposals, whether selected or rejected. Once submitted, the proposals and any supplemental documents become the property of the County.

2.4j All proposals shall remain firm for ninety (90) days following the closing date for receipt of proposals.

2.4k This request does not constitute an offer of employment or to contract for services.

Furthermore, it is understood that a five percent (5%) retainage is withheld until a Notice of Completion is accepted by the following agencies with notification given to Grant County: the Washington State Department of Labor & Industries, Employment Securities, and the Department of Revenue. Only after Grant County is notified of this acceptance by all three agencies will the retainage be released.

3.5 Warranties

4. UNDERSTANDING OF AND APPROACH TO THE CONTRACT

4.1 This is a Public Work Project (per RCW 39.04 and WAC 296-127)
See requirements in section 4.5b.

4.2 Timing of the Contract/Work Completion

4.3b On the forms included in the contract provisions, the contractor shall furnish both performance and payment bonds as required by RCW. Each bond shall have a penal sum in the full amount of the contract price, including sales tax. The labor and material payment bond shall remain in force until the contract completion date, and for such period of time thereafter during which the law allows claims to be filed and finally resolved by litigation. In addition to securing the faithful performance of all contractor’s obligations under the contract, the performance bond shall remain in force for a period

4.4 Indemnification

4.4a The individual/agency shall defend, indemnify and hold harmless the County, its officers, employees or agents from all claims, demands, damages, costs, expenses, judgments, attorney fees, liabilities or other losses that may be asserted by any person or entity, and that arise out of or are made in connection with the acts or omissions relating to the performance of any duty, obligation, or work hereunder. The obligation to indemnify shall be effective and shall extend to all such claims and losses, in their entirety, even when such claims or losses arise from the comparative negligence of the County, its officers and employees. However, this indemnity will not extend to any claims or losses arising out of the sole negligence or willful misconduct of the County, its officers and employees.

4.4b The preceding paragraph applies to any theory of recovery relating to said act or omission, by the individual/agency, or its agents, employees, or other independent contractors directly responsible to individual/agency including, but not limited to the following:

Appeals or any other Washington public entity responsible for collecting payroll
taxes, when the agency/firm is not an independent contractor.

4.4c It is the intent of the parties to provide the County the fullest indemnification, defense,
and "hold harmless" rights allowed under the law. If any word(s) contained within the
contract are deemed by a court to be in contravention of applicable law, said word(s)
shall be severed from the contract and the remaining language shall be given full force
and effect.

4.5 Price Proposal

duration, terms and conditions of the proposed warranty. The proposal/bid shall
include the contractor's complete terms and payment schedule. Grant County will
