

RFP Notice to Responders #1:

The RFP *Notice* (not the packet) stated in the last paragraph that “A bid security is a requirement for this project and must be submitted with all bids/proposals”. This statement is not included in the RFP Packet and is being struck from the RFP Notice. (See below):

“The deadline for proposals/bids is 4:30 p.m. on Friday, August 16, 2013. An original proposal/bid and three (3) photocopies must be submitted as shown below in a sealed envelope clearly marked with project title: “Grant County Electronic Permitting and Tracking Program”. ~~A bid security is a requirement for this project and must be submitted with all bids/proposals.~~ Late proposals and/or proposals submitted via e-mail or facsimile will not be accepted.”

As the RFP Packet sets forth in paragraph 1.1a, Note, “[i]t is the responsibility of RFP respondents/vendors to access the County’s RFP website for any and all updates, addendums, corrections, or any other changes and/or other communications regarding this RFP/RFP Packet prior to the RFP deadline”, Grant County is not required and will not re-advertise the RFP Notice with the above correction.

Again, the County is *not* requiring a bid security for this project. Thank you.
