### **III. Hazardous Materials Spills**

#### **Grant County Health District**

*Joy Reese*

May 28<sup>th</sup> Chief Hargrove with Fire District 8 notified our office that the Port of Mattawa had a Ammonium Hydroxide spill. The building was evacuated and left opened to vent, the area was then entered for control.

#### **Grant County Emergency Management**

*Sandi Duffey*

### **IV. Old Business**

Community Plan, Washington State Emergency Management Division is offering a template to develop plans, Sandi will be meeting with the state point of contact and getting permissions to activate Randy as an authorized user of the system to develop the community plan. Some of the items identified for the LEPC Chapter to work on would be to have some ICS training. The group decided that they would like to have the 700a training during their September meeting in lieu of a formal meeting. Once the LEPC members complete the training they can train their staff at their facilities. Other items to consider during planning are staff contingencies and resources.

## V. New Business

Health District Update, Grant County has suffered one fatality in late April due to the H1N1 virus. Fall vaccines will begin in a few months, the Health District is looking at having the seasonal flu shot and H1N1 during their clinics.

Monday June 14<sup>th</sup> is the change over day for American Medical Response. The office is located on 4<sup>th</sup> street in Moses Lake. (*across from the PUD*)

## VI. Training Opportunities

ICS in lieu of formal LEPC meetings beginning in September.

## VII. Agenda Items for Future Meetings

American Medical Response presentation.

Next meeting:  
July 14, 2010 at 9:00am

Respectfully submitted,

*Sandi Duffey*
