Reference: Strategic Infrastructure Project SIP No. 2020-02  
Rodeo Ground Improvements Project

Dear Ms. Flynn:

This correspondence is to request an extension on the deadline for completion of the Strategic Infrastructure Project SIP No. 2020-02 for the Rodeo Ground Improvements project from December 31, 2022 to December 31, 2024. The SIP grant included partial construction funds. The Town has not yet fully obtained the construction funding, and doesn't anticipate construction occurring until 2024. The additional time will give the Town the opportunity to obtain additional construction funding, and complete the construction of the project.

Your assistance is appreciated. Please let us know if you have any questions or would like additional information.

Sincerely,

ShirleyRae Maes  
Mayor
