Re: Consent to purchase Arena Sand

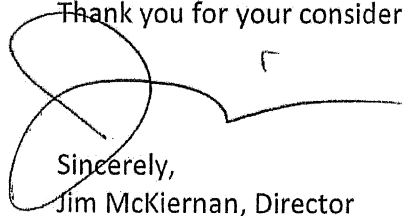

Per the approved 2023 Capital budget the fairgrounds is requesting the purchase of arena sand. This arena sand is a specialized, courser sand that will help drainage in the arenas. The first arena will be the Ardell which will require 99 tons. The total capital budget for this purchase is \$20,000. This request is for approximately \$3200 of the \$20,000. The additional sand will be purchased later for the outdoor arena and rodeo arena.

I am requesting authorization to purchase 99 tons of sand for an approximate price of \$3200 from Central Washington Concrete.

The budget line item for this purchase would be 126.168.00.9116.594756003/4 ID #126-27, Arena Sand

Please authorize this expenditure.

Thank you for your consideration

Sincerely,
Jim McKiernan, Director
