Re: Consent to purchase two ATV Gators

Our ATV's used on the Fairgrounds are more than 10 years old and are needing more and more repairs each year. We are requesting authorization to replace two with new Gators. These Gators would be purchased under a State Contract providing the best price through John Deere. Contract number is OR Lawn and Grounds Maintenance Equip 1744 (PG25 CG 22) authorized for Washington State Entities under the Master Contracts Usage Agreement (MCUA)

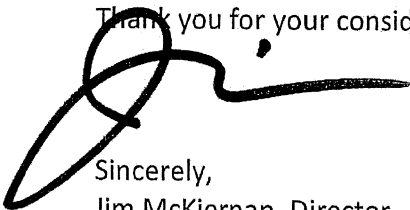

I am requesting authorization to purchase two John Deere HPX615E Gators with cabs for \$15,914.96 each. The total purchase including tax would be \$34,503.63. The Purchase would be through RDO of Moses Lake.

The budget line item for this purchase would be 132.178.00.9116.594756003/4 Gator (Maintenance Vehicle, ID # 132-12) for \$31,700. This leaves a shortfall of \$2803.63.

I am requesting a budget extension of \$2803.63 to cover the remaining cost of the two Gators. The increase is due to the time that between the initial budget requests in October and the rise in costs as of today.

Please authorize this expenditure.

Thank you for your consideration

Sincerely,
Jim McKiernan, Director
