Use our QR Code

You will not vote on every item in this voters' pamphlet.

Your ballot will contain only the races and issues that you are eligible to vote on based on where you live.

Why use a QR Code

Due to the timeline of the State accepting pictures and statements, we were unable to print the Federal candidates, Statewide candidates or Legislative candidates. We are only required to include our Local races in our pamphlet. However, we do find it important to provide an equal and educated opportunity to review any statement or picture that has been submitted by a candidate that could be on your ballot.

To make it easy, we made a QR Code. Scan the QR Code with your phone camera and it will take you to Votewa.gov. You can log in entering your first name, last name, and date of birth. Once you're logged in, click on Menu > Voters' Guide to review Federal candidates, Statewide candidates, and Legislative candidates that are on your ballot.

You don't have to use the QR Code to access the Voters' Guide. If you only have access to a computer, go to Votewa.gov and view the Voters' Guide.

Scan QR Code

- Scan the QR Code with your phone camera.
- Follow the link to Votewa.gov.
- Enter your first name, last name, and date of birth.
- Click on Menu > Voters' Guide
Grant County - We have approximately 47,000 active voters in Grant County. One of our top priorities here in the Elections office is making sure our voter rolls are up-to-date. We work with our partners at the State and Federal level every day to ensure our voter rolls are accurate.

The Elections office works with trusted sources including the Office of Secretary of State, the Social Security Administration, the United States Postal Service National Change of Address Program, Department of Licensing, Department of Health, Department of Corrections and the Office of the Administrator of the Courts to maintain the accuracy of voter registration data.

The Elections office also uses published obituaries, written notices from family members and VoteWA compares lists of deceased voters with the Department of health, and Social Security Death Index to remove registrations of deceased persons.

To help us ensure voters aren’t registered in multiple states, Washington State is a member of the ERIC (Electronic Registration Information Center.) ERIC uses a data matching software that compares voter registration and motor vehicle licensing data across 30 other states. We also receive a file for NCOA (National Change of Address) that notifies us if there has been a permanent address change filed with USPS.

Our most important partner in helping us keep our voter registration database up to date, is our voters. If voters receive a ballot of a deceased person, a voter who has moved, or anyone who does not live at that address, they should contact the Elections office immediately.

The Elections office processes new registrations and updates everyday. We use every resource we legally can to make sure we have the most current and updated information possible. We want to make sure we are sending ballots to the right people at the right address.

In addition to updating our voter rolls daily, every ballot that is returned is verified by a trained staff member that has received fraud training from Washington State Patrol. The signature on the ballot is compared to the signature on our voter registration database that is either from a registration form you signed or your signature from Department of Licensing. It ensures that even if a ballot goes to the wrong address, the ballot can’t be counted without matching a signature and only the actual voter can only vote that ballot.

Your district may have changed

Every 10 years, following the U.S. Census, legislative and congressional district boundaries are redrawn in a process called redistricting.

Redistricting ensures that each district has about the same number of people, which means equal representation in government.

As a result of redistricting, you may have been assigned to a new legislative or congressional district.

If you have changed districts, you will vote on different legislative or congressional races, beginning this year.

For more information about new district boundaries or the redistricting process, visit www.redistricting.wa.gov.
The Election office is continually updating voters rolls with information from the post office, Department of Licensing, local obituaries and monthly public health deceased lists and more. You can do your part by:

**update your address** with the Election department whenever it changes. Address changes can be made online through Votewa.gov, by email, mail or phone until 5 pm July 25 for the Primary. You may update your registration in person until 8 p.m on Election night.

If you are a snowbird or a college student set up a temporary or seasonal mailing address. Go online to votewa.gov or contact our Election department.

Return to sender if you receive a ballot for a person who does not live at your residence write "Does not live here" on the unopened envelope and put it back in the mail. This does not apply to military or overseas voters.

If you receive a ballot for a **recently deceased voter** write "Deceased" on the unopened envelope and put it back in the mail. We will research and follow up.

At Grant County Elections we understand election security is important. Our top priority is ensuring that our elections are secure, accessible and accurate.

**What we're doing:**

Tabulation equipment is certified by the Washington Secretary of State and the Federal Election Assistance Commission. The System is never connected to the internet.

Prior to each Election, a public logic and accuracy test is conducted to ensure that voting equipment is ready for use and properly prepared to count ballots.

Post-election audits are conducted prior to the certification of each election. Batches to be audited are randomly selected. The audit compares the vote totals from the tabulation system to a hand count of physical ballots.

The ballot opening table and processing center are monitored by video cameras 24/7. You can watch us on live webstream.

Election workers are trained by WA State Patrol to identify fraudulent signatures.

All ballots are handled in teams of two.

**Election Results Online**

On election night, voting results will be posted online after 8:00 p.m at results.votewa.gov
Register to Vote
You must be a U.S. citizen, a Washington resident, 18 years old, or 17 years old at the primary and 18 years old by the day of the November general election, and not serving a sentence of total confinement under the Department of corrections for a felony conviction or currently incarcerated for a federal or out-of-state felony conviction or disqualified from voting due to a court order.

Future Voter
If you are 16 or 17, become a Future Voter!
16- and 17-year-olds can use the Voter Registration form to sign up as Future Voters and be automatically registered to vote when they turn 18.

#FutureVoter
Pre-registering can be done through:
- Grant County Elections Office
- Department of licensing
- Online at votewa.gov

Not sure if you’re pre-registered?
Go to votewa.gov and find out! Be sure your information is current to receive your ballot!

Accessible Voting
Accessible Voting Units are available for voters who are unable to vote their ballots in the standard way.

They can display larger type or provide an audio ballot for persons with visual or cognitive disabilities. The equipment supports a number of assistive switches.

The accessible voting equipment will be available Monday through Friday, during regular business hours for the Primary Election.

New Washington Legislation that passed now allows 17-year-olds who will be 18 by the November General Election to vote in the August Primary starting this year!

August Primary
18
November General
A 17-year-old who will be 18 by the November General Election can vote in the August Primary.

What does this mean?
Your ballot may differ from others in your household due to your Primary Only Voter status.

Contests prohibited to primary-only voters means the following contests, even when held in conjunction with a primary: any ballot measure; or any contest where a candidate is deemed elected following the primary including, but not limited to, election of precinct committee officer, freeholder, charter review, and commissioners elected to a newly formed jurisdiction.

Specifically, as a Primary-only voter, you can vote on the following contests: nonpartisan candidate races that contain three or more candidates and partisan candidate races, regardless of the number of candidates, appearing on a primary election ballot.

For more information see Senate Bill 6313 - Washington State Legislature.

Registering to vote
Once your right to vote is restored, you must register to vote even if you were previously registered. You do not need a certificate of discharge to register to vote.

New Washington Legislation went into effect January 1, 2022 regarding convicted felons and their right to vote.

When is my right to vote restored?
• If you were convicted of a felony in a Washington State court, your right to vote is restored automatically once you are no longer serving a sentence of total confinement in prison.

• If you were convicted of a felony in another state or in federal court, your right to vote is restored automatically as long as you are no longer serving a sentence of total confinement in prison.

• You do not lose the right to vote for a misdemeanor conviction or a conviction in juvenile court

You can register to vote at:
- Grant County Elections’ Office
- Department of Licensing
- Online at Votewa.gov

For more information see Substitute House Bill 1078 - Washington State Legislature.
Ballot Voting Instructions

How to vote your ballot

Instructions

Double check you are voting your ballot, locate the name on the white envelope.

Use a blue or black ink pen to mark your ballot.

Leave a contest blank if you want. Your ballot will still count.

Put your voted ballot in the secrecy sleeve.

Put the secrecy sleeve in the return envelope.

Seal the return envelope.

Sign and date the declaration on the return envelope. If you are unable to sign, mark your mark and have it witnessed by TWO people. Ensure that both people sign the envelope.

A power of attorney cannot be used to sign a ballot.

Return your voted ballot:

By mail or ballot drop box, no postage needed.

Ballots must be postmarked by Election day, August 2nd.

Don't wait, Vote early!

Signature Verification

Your signature matters

Sign and date the voter declaration on the return envelope that has your name printed on it.

- We compare the signature on your ballot envelope with the signature on your voter registration. This is how we know you voted the ballot. Every signature is reviewed and verified!

- How do we get your signature?

If you register or update using a paper registration form, we capture your signature from the form. If you register or update through the Department of Motor Vehicles, we capture the signature from your Washington State Drivers License or I.D. card.

- Do not sign for another registered voter.

- A Power of Attorney does not have authority to sign for the voter. If a voter is unable to sign, they should make a mark on the signature line and have their mark witnessed by two people. The two witnesses need to sign on the lines provided.
Ballot marking errors and writing in fake names require additional staff review, which slows down ballot processing. Help us improve efficiency by avoiding these common errors:

**SAMPLE OVERVOTED RACE**
For United States Representative (Vote for One)

- John Doe
- Thomas Jefferson
- Jane Q Public

**VOTING TIPS AND REMINDERS**

**Ballot Marking Tips and Reminders!**

Writing names like Mickey Mouse, require additional staff review and a longer process. Please only fill in the Write-in oval, if they have submitted a Washington State Declaration of Write-in Candidacy to our Elections Office and know that they are an official Write-in.

Filling in more than one oval is considered an overvote and makes your vote invalid. If you know you have made a mistake, draw a line through the entire response. Then, make your other choice!

We understand you might not like any of your choices, but please refrain from making comments on your ballot. As that also requires additional staff review. Your ballot will still count if you leave a contest blank.

Marking anything other than filling in one oval completely will not be read by the tabulation machine. Please review the instructions on your ballot before you vote your ballot!

Grant County Elections does not correct punctuation, grammar, or fact check candidate and measure statements. Statements are printed exactly as submitted.

#### Statement
Grant County needs an experienced auditor that understands its people and places their interests first. Thirty years ago I began working for Grant County, the last eight years as Grant County Auditor. I know the various departments and the people who work in them. I have developed trusted relationships with these people and they know they can rely on me.

This is not a part time job and requires someone with the commitment to see the job through.

There are two types of leaders. Those that believe the system makes the people work, and those that believe the people make the systems work. I believe in the people.

I have developed transparent Election's, Auditor's, Licensing, and Recording departments that are open and accessible to the public. With our economy struggling, this is the time to remain conservative. I have lived here 37 years and I am committed to Grant County.

#### Statement
My name is Richard Stevens and I am running for Grant County Auditor. I retired on December 31, 2020 and have decided that retirement is not for me. I have worked since I was 12 years old and I am not that enamored with retirement. This is why I am running for Auditor. I feel I still have something to offer the citizens of Grant County.

I am honest and principled and believe in equal treatment of all people. I don't run negative campaigns and don't want the job bad enough to do so.

If elected, I will show up to work the same as I did as County Commissioner and I feel I can do a better job then the current auditor.

Please vote Richard Stevens for Grant County Auditor. Independent

Thank You

Softball, Soccer and Dance Team Coach.

Statement
I have the experience and knowledge to continue
helping Grant County move forward during these
unprecedented times. With two new commissioners
and several new department heads, I have the
knowledge and historical information that is desperately
needed during this transitional time.

With record growth, businesses large and small are
locating here; our housing market is exploding but
leaving devastatingly low numbers of affordable homes.
We struggle with federal and state mandates being
forced upon us. It’s a delicate and tiresome balance
seeking compliance while molding westside legislation
to eastside living.

Behavior Health issues and Domestic Violence have
escalated, the struggle is horrific. I continue to fight
this heartfelt battle to improve the quality of life for our
friends, neighbors and loved ones.

I lead with compassion, putting principle over politics,
defending our rural values and remaining fiscally strong.

Statement
Born into a lower income family, I would have qualified
for “free” school lunches, but my parents did not want
to take assistance that wasn’t needed. It Impressed me
at an early age that we took care of ourselves and only
asked for assistance if there were no other options.

I am a Christ-follower, and I state that not as a brag
or virtue signal. It is important to know what guiding
principles our elected officials follow. I use the word
“follow” intentionally, lots of elected officials talk like they
have high standards, but their personal and political
lives show otherwise.

I am a firm Constitutionalist. The foundations of Liberty,
accountability, and protection against government
overreach should apply as much now as they did when
it was written and will be my guiding principles as
County Commissioner.

Statement
In December I was appointed by the County Commissioners as your Prosecuting Attorney. I am responsible for all criminal prosecutions in Grant County, as well as providing civil legal advice to the County. I lead a team of approximately 30 professionals dedicated to serving the people of Grant County. I appreciate all of the support I have received from the community in this position, and look forward to working for and with the people of Grant County to make our community safer. Everyday I work with law enforcement and other members of the criminal justice team. I have served on the Washington Association of Prosecuting Attorney’s Appellate Committee for the last eight years, and will represent Grant County regarding many more State wide issues. I am asking for your support to serve Grant County for the next four years.

Statement
It has been an honor to hold the office of Grant County Coroner. I have served in this capacity since 2010. Since then, the Grant County Coroner’s Office has received international accreditation through the International Association of Coroners and Medical Examiners. Our office staff is also proud to be certified through the American Board of Medicolegal Death Investigators.

I currently hold, and have held since 2011, an executive board position with the Washington Association of Coroners and Medical Examiners.

Since the age of 20, I have dedicated my professional life to serving families who have lost loved ones. I received my formal collegiate education from Ricks College, Boise State University and Mt. Hood Mortuary College. As a death care professional, I have served my community for the past 39 years.

I am asking for your continued support by re-electing me as your Grant County Coroner.

I was raised on a large irrigated farm. Through the farm, numerous church and community projects, I learned from many great leaders. With some partners, I started farming small and worked to increase my acres. I’ve had the opportunity to help multiple farms with challenges they are facing. I’ve had the opportunity to come in, identify problems and inefficiencies in their operations. Working together with their crews to search out solutions and implement plans, I helped the team reach our goals. I’ve also been involved in numerous contract negotiations with Potato Growers of Washington.

Local Measure begins on the following page.
For 63 years, hospital services have been provided locally to the communities of Quincy, George and surrounding areas at Quincy Valley Medical Center. As the cities of Quincy and George grow, it is essential that vital services keep pace. In order to ensure hospital services continue to be available, the aging hospital building must be addressed. Expert facility analysis indicates that renovation and/or repairs of the existing building have become increasingly unsustainable. A replacement facility is necessary to ensure hospital services continue to be provided locally. Our community is fortunate to have excellent tax rates which allow significant tax-supported construction, while keeping our assessed taxes low compared to surrounding areas.

The Board of Commissioners took a first step toward this vision in 2010 when they authorized the purchase of adjoining property for a replacement building. Additionally, leadership hired by the current Board has eliminated the long-standing debt to the County. There has never been a better time to move forward with a replacement facility to protect the lives of our residents and those who enjoy visiting the beautiful Quincy Valley.

Your “YES” vote is the next step in the Legacy Project, a hospital for both now and into the future.

Explanatory Statement
Prepared by: Bradley Berg, Foster Garvey P.C., special counsel to the District

Grant County Public Hospital District No. 2 (the “District”) operates Quincy Valley Medical Center in Quincy.

The District has determined that its existing hospital facility is outdated and that it is essential for the public health and welfare of the District’s residents that the District construct and equip a new hospital to be located on a site adjacent to the existing hospital.

To pay for the costs of the new hospital, the District is proposing a ballot proposition to be voted on by the voters of the District. If approved, this proposition would authorize the District to construct and equip a new hospital and carry out other capital improvements deemed necessary or advisable by the District; issue no more than $55,000,000 of general obligation bonds maturing within 30 years; and levy annual excess property taxes to repay the bonds. The levy rate required to repay the bonds is estimated to be 46 cents per $1,000 of assessed value. For a home with an assessed value of $300,000, the estimated monthly tax increase is $11.50 per month. Exemptions from taxes may be available to certain homeowners. For more information, please call the Grant County Assessor’s Office at (509) 754-2011.
